Challenge Soccer Club, Texans Soccer Club, and Klein Soccer Club are excited to offer CTAP again in the Spring of 2011. CTAP is a new program that provides for U8, U9, and U10 Girls and Boys. Players will receive training two times per week with the professional coaches of the Challenge and Texans. Games and training will be provided at both Meyer Park and Burroughs Park. Most games will be played on Saturday with players having the option to also get game experience in the Houston PDF League on Sunday. Challenge and Texan teams in Kingwood, College Station, and South Houston will also play in this exciting new format.

What is it? The Training and League Play portion of CTAP is for U8, U9, and U10 players who are interested in pursuing more of what the game has to offer. Players are challenged with two sessions per week and then placed into a friendly match environment on weekends. Weekend games and training sessions are coached by members of the professional staff. The League and Training is a great way for players to test the waters of select soccer, interact with the staff more frequently, and meet new teammates.

What is the cost? The CTAP League fee and the PDF (Player Development Friendlies) League and Training portion of the CTAP Youth Academy Program costs \$350 per season. The Spring season will start January 18 and end April 30.

What does it include? The fee includes: two professional training sessions per week, League Play (8-10 weeks per season), insurance, USYS and US Club Registration, field usage, one uniform (1 jerseys, 1 short, 1 sock), and two training shirts. Players who registered in the fall will not be getting an additional uniform in the Spring, but they will be getting two new training t-shirts. Players will also receive an evaluation during the year.
